3003 Glass Door Corner Cupboard

**Height 86"
Corner Depth 33"**

This two piece corner cupboard has been one of our most popular pieces for twenty years. Sometimes its hard to know why people gravitate to one piece and not another. Often we make something we think will sell great and it doesn't. We make fancier and much more expensive pieces but The Glass Door Corner Cupboard is always a show stopper.

Available in Cherry and Tiger Maple
