3042 Flat-top Secretary

Height 79 1/2"
Width 37 3/4"
Depth 21 1/2"

The Flat-top Secretary is among the more challenging pieces we make. The base interior alone has nineteen dovetailed drawers (two secret), nine of them with hand carving. The tombstone raised panel door open to reveal a simple yet elegant interior. The desk lid and doors are made with rare one piece boards.
